Creating And/Or Gaining Via Practical/Celestial/Occult MeansPar Stella CarrierI preface this review by making it clear that I share my reviews as a way to keep track of my interests as they intersect with my life purpose/destiny. Intuitively, it recently dawned on me that my reviews, interests in the way of books, movies, music etc, and even many of the websites I have been drawn too hold keys to my life purpose/destiny. Yes, I understand that many highly regarded, intelligent, and even some famous/influential people do not believe in a life purpose/destiny. However, I have personally seen too many signs and information telling me otherwise that would change my beliefs that each person has a life purpose/destiny in their life plan. Anyhow, this book *Magickal Protection; Defend Against Curses, Gossip, Bullies, Thieves, Demonic Forces, Violence, Threats, and Psychic Attacks* by Damon Brand contains ideas for all sorts of spiritual protection. For instance, there is information on protection against influence (external influences), and details are listed on how someone can be influenced externally. Pointers are given on pronunciation, protection against accidents, protection while traveling, information on his other books, and more details. His writings have been important in me helping to accept and embrace part of my true self (an aspect of my higher self that is drawn to the occult). Fortunately, I'm also able to access this book via the kindle that my mother in law bought for me due to 's feature of a kindle matchbook option for those who have already purchased the paperback book.1 internautes sur 1 ont trouvé ce commentaire utile. A must !Par Client d'As for any Damon Brand/Gallery of Magic book, this one is a must.The main ritual of this book is called the "Master Protection Ritual," and increase your safety on every level. I had proof that this ritual had a great effect on me, since evidence led me to believe I avoided an unfortunate situation. Next you've got several specific rituals which are great for any specific needs.Above all, this book is effective and practical.The rituals are simple, yet powerful.5
